#### DESIGNED FOR USE ON MEDIUM TO EXTRA LARGE SIZED DOGS

The Basic Citronella Anti Bark Spray Collar is designed to train nuisance barking on medium dogs to extra-large sized dogs such as Great Danes.

#### EMPLOYS CITRONELLA SPRAY AS A BARK DISTRACTION

A Citronella Spray action is used as a bark deterrent. The sound of the spray, the spray itself and the smell is a combination of distractions that is used to distract your dog every time they bark.

#### SOUND ACTIVATED – MONITORS YOUR DOG'S VOICE BOX

A microphone is equipped at the back of the device and is positioned on the neck area. This allows the microphone to monitor the sound of the bark coming from your dog only and activates the spray.

#### LED LIGHT STATUS INDICATOR

The LED status indicator shows you when the collar is performing normally. It also shows you whether you need a new battery or not.

#### USES A 6V ALKALINE BATTERY – COMPLETELY REPLACEABLE – LASTS 2-3 MONTHS

The 6v alkaline battery powers your device between 2 to 3 months. It's completely replaceable so you easily replace the battery whenever the device's battery is low.

#### POWER BUTTON TO SAVE BATTERY

The Power Button allows you to turn the Basic Citronella Bark Collar on and off when it's not in use to save battery.

#### INCLUDES A COMFORTABLE NYLON STRAP WITH HIGH DURABILITY

The Basic Citronella Anti Bark Spray Collar comes with a comfortable nylon collar strap that can be cut to size. It's made with a durable nylon material to withstand rough handling and long-time use.
